It has a fire pit and a shed/workshop and there is a huge covered, wrap around deck with a back screened porch. Down the path to your private lookout, enjoy your morning coffee overlooking the river or perhaps a beverage at sunset. Inside the cottage, you have an open concept kitchen, dining and living area. The kitchen currently comes with a fridge and has hookups for a stove and/or a dishwasher. Lots of cupboards and shelving for all of your supplies. The living room has space for a pullout couch and your TV to relax and watch your favourite movies after a long day outdoors, or host extra guests. The first bedroom has a queen murphy bed so you have the option of using that space as a bedroom or possibly setup as your office away from home. The primary bedroom features a 2 piece ensuite. Off of the main room there is a 3 piece bathroom with a shower. The utility room cleverly has a single bed bunk bed for the kids. It also houses the trickle feed water cistern and has hookups for a stackable washer/dryer. The heating system is hot water baseboard heaters generated from the natural gas. The cottage also is equipped with a fire suppression system as well is part of a private gated community. The Dunvegan gardens is just down the road and it has a kitchen, garden centre, mini gold and an ice cream shop. Rycroft is 15 minutes to the south and Fairview is 20 minutes to the North. Would also make a great cabin for this hunting season; the gated community gives peace of mind when away. Call to book your showing today!
